a sample

Number of students per room 10 students. 2 hours a week

The fee is 3,600 baht (depending on branch)

Total Revenue = Number of Students x Round x Price per Course

$$= 10 \times 4 \times 3,600 = 144,000 \text{ baht}$$

Document value =  $10 \times 4 \times 600 = 24,000$  baht

Pay teachers =  $24 \text{ hours} \times 150 \times 4 = 14,400$  baht
